

CONTAINS NON-PLANT FOOD INGREDIENTS

Soil Amending Guaranteed Analysis:

0.1% Polyvinyl Alcohol (Polymer)

99.9% Total Other Ingredients (inert as a non-plant food Ingredient)

Florida License No.: F003316

KEEP OUT OF REACH OF CHILDREN

This product has been tested as a whole and is not considered hazardous by the OSHA Hazard Communication Standard 29 CFR 1910.1200 (HazCom 2012).

IMPORTANT:

Before using this product, read all Precautionary Statements, Directions for Use and Conditions of Sale.

PURPOSE:

IRRAMAX® is a water-based soil amendment that may aid in the water use efficiency of irrigated and rainfed crops.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.html>

PRECAUTIONARY STATEMENTS:

Avoid breathing spray mist. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

For help in a chemical emergency involving a spill, leak, fire, or accident, call CHEMTREC 1-800-424-9300. Have the product container or label with you when calling a poison control center or doctor; or going for medical treatment.

**For Agricultural or Professional use Only
Not Recommended as a Fertilizer Substitute**

DIRECTIONS FOR USE:

Designed for Irrigation Systems. Do Not Use in spray applications. Must be mixed with irrigation water to be effective. Do not apply Irramax before rain or irrigation, the time delay until the substantial moisture from rain or irrigation reduces the benefits of Irramax.

Dilution rate of 12,000 parts of water to 1 part of Irramax is critical. Lower or higher dilution rates may result in reduced efficacy. For every 12,000 gallons of water, inject 1 gallon of Irramax into the irrigation system (12,000:1 ratio).

NET CONTENTS:

135 gallons (511.03 L)

270 gallons (1,022.06 L)

(2,254.5 Lbs., 1,022.62 Kg)

Density: 8.35 lbs/gal @ 68 °F

WHEN TANK MIXING:

Do Not Use Irramax in an aerial, ground, backpack or other spray application. For Irrigation fertilizer and pesticide tanks, Irramax may be added directly to fertilizer or liquid pesticides without the addition of any water and then injected into the irrigation system at the rate of 12,000 parts of water to 1 part of Irramax. Add Irramax last to any irrigation tank mix.

STORAGE:

Store in original container. Do not store in direct sunlight. Store at 34 °F and above. Irramax is water based and susceptible to freezing.

CONDITIONS OF SALE - LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the information contained herein before buying or using this product. If the terms are not acceptable, immediately return the product unopened.

The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result due to such factors as timing and method of application, weather and crop conditions, presence of other materials, or other influencing factors, all of which are beyond the control of Corbet Scientific, LLC (the "Company") and seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonable fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Company's election, one of the following: Refund of the purchase price paid by buyer or user for product bought or replacement of the product used.

The Buyer and user acknowledge and assume all risks and liability resulting from the handling, storage, and use of this material not in accordance with directions given herewith. To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The foregoing is a condition of sale by Company and Seller and is accepted as such by the Buyer.
